6.2	Draft Annual Assurance Statement Report and Draft Annual Assurance Statement Appendix	
	JC presented the report and appendix.	

	<p>RA asked if any assessment on the potential impact on the 0% rent cap had been carried out. JC advised that GB is looking at 2/3 different options ie. looking at 0%; 0% and using some cash in the bank or being allowed to do a small increase. JC advised that it is known what is required through the investment programme and stonework and catching up on work from the pandemic and acknowledged that not being able to implement a rent increase would have a significant impact. JC advised that RHA was in a position where some improvements could be funded through a using a small amount of reserves. CL advised this was not enough to fund the whole of the investment programme required and contingencies would be required to be kept. CL and RA felt that reference should be made to this in the Annual Assurance Statement. RA advised that the SHR is still requiring RSLs to go out to consultation on rent and therefore a decision will have to be made on what RHA is proposing as a rent increase. JC proposed that the rent consultation be sent out in January 2023 and it is hoped that RSL's will know by 14th January 2023 if the Scottish Government is announcing whether they intent to continue with the rent freeze. CL advised that she felt that under Regulatory Standard 3 a comment should be made that the RSL is concerned that the Scottish Government is imposing restrictions on potential future rent increases and this will have an impact on service and investment delivery.</p> <p>10. Recommendations</p> <p>10.1. The Management Committee</p> <p>10.1.1 noted the contents of the report and agreed that when the agreed change had been made the Annual Assurance Statement should be submitted to the Scottish Housing Regulator by 31.10.22.</p>	<p>JC</p> <p>JC</p> <p>JC</p>
